

SEND NEWS SPLASH

ISSUE SEVENTEEN
FEBRUARY 7TH 2020

Calling all schools

We are really keen to share examples of good practice when it comes to inclusion and participation for our SEND and Inclusion Strategy and the SEND:

The Local Area Moving Forward sessions on the 25th February.

[If you have 10 minutes- please use the Powerpoint attachment.](#)

[if you have a little longer please use the poster template.](#)

Once completed send to Roz Pither (RPither@swindon.gov.uk).

SEND: THE LOCAL AREA MOVING FORWARD TOGETHER

Invitation from the SEND Strategic Board to the first of a series of stakeholder events 'The Local Area Moving Forward Together'.

Stakeholder engagement and participation is critical to help us Move Forward Together and continue to make progress in delivering the Written Statement of Action.

This first event will provide an update on the SEND and Inclusion Strategy, with a focus on our Strategy moving forward into action.

Key topics include the development of the outreach model in Swindon and the approaches to demand management for better outcomes.

A great opportunity for you to network whether you attend the morning or afternoon session.

[Click here to book onto either the morning \(9.15-12.45\) or the afternoon \(1.30-5\). Lunch will be available from 12:45.](#)

Calling all schools 2:

We want the Local Offer to be the go to website for parents, young people and practitioners, looking for information and help about SEND in Swindon.

Our parent carers have requested that we take a particular look at information available about Autism and ADHD.

Would you be interested in helping us understand what you as a practitioner are using or want to see on the website?

Andrew Myrie, Local Offer Officer would be happy to come to you and get your feedback, at a date and time convenient for you during March. Please contact Andrew via email on AMyrie@swindon.gov.uk.
